Status	Complete
Practicum Student's Name:	Hannah Chumley
Date:	2017-04-14
Practicum Student's Email Address:	hjchumley1@umary.edu
Teaching Major:	Early Childhood Education
Practicum:	EDU 335 - Early Childhood Practicum
Name of practicum teacher:	Laura Selensky
Cooperating School:	Sunrise Elementary
Name of person completing this evaluation:	Laura Selensky
Evaluator's Position:	Practicum Teacher
Evaluator's Email Address:	laura_selensky@bismarckschools.org
Overall Rating:	Proficient
Suggestions for Improvement:	Hannah used observation, discussion, and interactions with the kids as assessment methods to determine her students' understanding. We also had discussions about her lessons; she seemed open to ideas and suggestions.

Overall Rating: Proficient

Suggestions for Improvement: Hannah did an excellent job of incorporating the concepts we were currently working on in her lessons. She developed different and interesting methods for the children to gain more experience and practice with the skills. She was comfortable incorporating and utilizing technology lessons, which made them interactive, engaging, and fun for her students. I was impressed with the manner in which she took initiative in developing and using 2 PowerPoints. She seems quite knowledgeable and comfortable with using technology, which is crucial in the modern classroom. Moreover, she provided interesting and fun materials for the kids to use. They LOVED digging in the sensory rice bags to find letters and spell simple CVC words during a guided practice.

Overall Rating: Proficient

Suggestions for Improvement: Hannah demonstrated very strong instructional planning skills. All of her lessons were well thought out and complete. She discussed her ideas and lesson plans and emailed them in advance, so that I could review them. She was also well prepared with the content and materials of her lessons, which resulted in a fluid presentation each time she taught.
